

PRESS RELEASE

**Yamaha Motor IM is launching Yamaha Total Line Solutions for the Turkish market
in co-operation with:**

YMH Teknoloji Elektronik Muhendislik Makine Sanayi ve Ticaret Ltd. Sti.

Yamaha Motor Intelligent Machinery (IM) customers can rely on an experience of over 30 years in developing and producing total line solutions in the surface mount technology industry.

Being one of the global market leaders, Yamaha Intelligent Machinery delivers impressively high quality and productivity at guaranteed lowest running cost in the industry. The Yamaha total line solutions offer its unique Quality Assurance Software with Mobile Judgment. Yamaha's intelligent SMT solutions offer a portfolio from Screen Printing and Dispensing to Placement, AOI solutions and Factory Control Software.

The Turkish market is an important market for Yamaha. Many Yamaha- produced systems are installed in Turkey. YMH General Manager, Mr. Halil Erdogan and YMH Sales Director Mehmet Emin Yaman, have always been successful, to sell and support Yamaha machines in Turkey. Their in-depth understanding of the Yamaha SMT solutions combined with their tremendous experience will be a key factor contributing to Yamaha's success in expanding the business of Yamaha's state of the art total line solutions.

The success of the total line solution concept of Yamaha is reflected in the double-digit sales growth we have experienced in 2012, 2013 and 2014 and surely will be continued in the years to come. The automotive market segment is just one of the exciting sectors where Yamaha Trusted Technology delivers a vital performance edge for customers, combined with outstanding quality, support and reliability.
